PROFILE

I am a senior student majoring in Information Technology with a passion for software development and web programming.

I have experience building web projects using Java, Spring Boot, Thymeleaf and MySQL.

I look forward to working in a professional environment to improve my programming skills, learn new technologies and develop my career as a Java Backend Developer.

WORK EXPERIENCE

Harmonia - Music Streaming Website

2025

Developed an online music streaming platform that allows users to search, play music, and manage personal playlists.

- Implemented music search and streaming functionality
- Built playlist and favorite song management features
